Is seeking volunteers.**

The Home Delivered Meals Program benefits the elderly residents of the Municipality of Penn Hills that are unable to travel to the Senior Service Center for meals.

Due to a shortage of volunteers the program is experiencing difficulties in its day to day operations. We are in great need of volunteers to work at least 1 day a week.

Please call me at 412-244-3408, if you can volunteer.

We have our own cars, if you want to be a driver.

Please consider volunteering, so we can keep this much needed program going.

Thank you in advance
